

Maths

Create a zoo enclosure out of Lego; can you calculate the area and perimeter?

Is it possible to make an enclosure with an equal perimeter and area?

Create a line graph showing temperatures for an African country over a year.

Research the populations of different animals - investigate what happens to the numbers if you multiply/divide them by 10, 100, 1000.

Continue to practise formal written methods for $+$, $-$, $\times$ and $\div$.

Continue to practise your multiplication and division facts. You could use Times Table Rockstars or Maths Shed.
