

## The Time of Our Lives

**D** **G** **A**

On our first day at school we had so much to learn

**D** **G** **A**

'Bout how to make a friend and how to take our turn

**Bm** **A** **G** **D**

Our phonics, number bonds and how to count to ten

**Bm** **A** **G** **D**

And how growth mindset would help to calm us when

**Bm** **D**

It turned out unpredictable

**Bm** **D**

But we will be alright

**Bm** **A** **D**

You've taught us skills we'll use throughout our lives

Once we had learnt to write our name, the WALT and date

We started measuring, and learnt to calculate

We learnt some facts about plants, people and the Earth

And we appreciate just how much life is worth

It turned out unpredictable

But we will be alright

You've taught us skills we'll use throughout our lives

It turned out unpredictable

But we will be alright

You've taught us skills we'll use throughout our lives

And now we're coming to the end of Primary School

And you'll remember us as charming, bright and cool

We will look back on all the things we've learnt and done

The times we laughed and cried and just had so much fun

It turned out unpredictable

But we will be alright

You've taught us skills we'll use throughout our lives
