

## **Topic**

Continue going on minibeasts hunts around your garden/ home. What can you find? Can you research about the minibeasts you have found and record some facts about them? If you cannot find any, can you research about one of your favourite minibeasts or see if you can find out about any unusual minibeasts we might not have seen here?

If you can, use the attached PowerPoint to guess the minibeasts. Why don't you try writing one of your own for a family member to guess? There is also a minibeast quiz attached that you could play with your family.

If you have access to a computer, could you create a minibeasts facts PowerPoint with your adults?

Design and make a bug from recycled materials.

## **Habitats**

Share the PowerPoint and find out about the habitats of minibeasts. Play a matching game – matching minibeasts to their habitats.

Continue designing and building bug hotels. If you have already made one, can you record what minibeasts are using your hotel?

Can you design a habitat for your own minibeast character you created for English?
